

LIFE: Attributes and Qualities

A way to study the subject on "Life" is to look up all the attributes and qualities that one can think of about 'life.'

Think about 'what Life is,'

and 'what Life does,' and

'what Life frees me from.'

Here is my list, but I always am working each week to add to it. I try to affirm and acknowledge that these qualities are a part of my natural being. I reflect Life because God IS Life. The kingdom of Life is within me.
